Good evening ladies! I hope you are doing well. I am contacting you to see what you think we could do in collaboration with our student groups and offering service hours on workdays. Mr. Allen would love to provide an option for our staff with young children on required county workdays that would serve as a safer option when bringing young children to school with them. What do we think? He mentioned maybe 2 students at a time and rotate days/hour shifts until we see a need to offer more. Do we think this would be something easily coordinated?

Thank you for your input and I look forward to hearing from you soon!

Dr. Polito, Mrs. Hutchings, Mrs. Walters, and Mrs. Sweat-

Thank you for your interest in helping provide this opportunity for staff. We have had some interest in providing childcare during staff workdays! Now what I need is some student interest. Could you provide a list of students that are willing to participate (especially for the October 18th day coming up next week!)

I will leave it up to you how you would like to structure the day but I would say maybe only 1 student per group (NHS, IB, JOCO Teach, OCS) throughout the day - we have only 5 kids ranging in ages of 3-12. But you can structure the day (8am to 4 pm)

What we would like to do prior to October 18:

- 1 - get a waiver created for parents to sign
- 2 - a sort of lesson plan that we can use to structure the day - I would love to see connection to elem content standards :)
- 3 - a list of activities (lunch should be provided by the parent - either send with them or they come and take out to lunch)

I would love to sit with the October 18th students to discuss these ideas if you could get me the names by Tuesday :)
